The Eastern-Atlantic Student Research Forum (ESRF) is a three-day international scientific meeting hosted by the University of Miami Miller School of Medicine. Qualified medical students, MD/PhD and graduate students, and residents/interns are eligible to participate in the presentation of original basic science and clinical research. Our aim is to promote collegiality and encourage the pursuit of biomedical research among these future physicians and scientists.

Presentations of original research in both oral and poster formats are sought in all areas of research. All students wishing to participate in the 2019 ESRF must submit an abstract. Presenters with approved abstracts will receive an official invitation to attend the conference. Additional abstract guidelines and eligibility for participation rules can be obtained on the ESRF website.

Conference Venue
Research presentations and other conference events will take place at the University of Miami Miller School of Medicine. Special room rates are available at the Spring Hill Suites/Marriott Miami Airport East/Medical Center.
